MOTIVATION LETTER

Subject: Candidacy for the post of Vice-President,

In view of the next IAPESGW General Assembly scheduled for September 8 2021, and the election of new members in accordance with the agenda, I am pleased to inform you that I would like to stand for the post of Vice-President.

I therefore thank you for adding my name to the list of candidates for the post of Vice-President.

I have been a sympathetic member of IAPESGW for several years, I had the pleasure of inviting our very dear late friend Pr Margaret Talbot in 2004 in Morocco, she gave a very large conference, in Salé linked to the « Role of Governments in the Development of Physical Education and Sport ». I attended the IAPESGW symposium in Oman in 2008 and had the honor to collaborate in the writing of the book : " *Muslim Women and Sport* ", with the Association

Since the 2019 congress held in Madrid to celebrate the 70 years of the existence of IAPESGW, I have been co-opted as a member of the Executive Board of this prestigious Organization. Thus, I noted that I can contribute more to IAPESGW, to represent it at the level of Francophone Africa in particular and at the level of Arab countries. In these regions, young girls and women are still very late in terms of access to the practice of physical and sports activities, and also in terms of access to all positions of responsibility and decision-making.

If I am elected as Vice-President, I could make IAPESGW more visible, and help to propagate its noble objectives in these regions, and to attract more young girls and women to all sectors of physical activities and physical education and sports practices.

I am enclosing a cover letter in which I explain the reasons which led me to present my candidacy, and confirm my virtual presence at the next General Assembly because of the Covid10 pandemic. I enclose my brief CV with this letter.

Please accept, dear Madam, the assurance of my best regards.

Signature : Pr. Tansin BENN

"I support the nomination of Fatima EL FAQIR, Morocco, for this post.
